WORK EXPERIENCE

Web Development Intern CodSoft Nagpur, Maharashtra	July 2026 – August 2026
- Designed and developed responsive frontend web components using HTML, CSS, and JavaScript. - Collaborated on client-side features to improve user engagement and site navigation performance. - Conducted cross-browser compatibility testing and resolved UI bugs across multiple screen resolutions.	

PROJECTS

E-Reusable Vendor Finder <i>HTML, CSS, PHP, JavaScript, MySQL</i> - Engineered a web-based platform for buying and selling pre-owned products, featuring an integrated bidding system. - Implemented a fully responsive user interface ensuring seamless interaction across mobile and desktop devices. - Structured backend logic and relational MySQL database schemas to handle product listings and user transactions securely.
Notepad Clone Application <i>Python, Tkinter</i> - Developed a lightweight, full-featured desktop text editing application using Python's Tkinter library. - Integrated core functionality including creating, opening, editing, saving, and formatting plain text files. - Implemented intuitive GUI menus and keyboard shortcuts to improve overall user accessibility.

CERTIFICATIONS

- AI Bootcamp Certificate** – Intellipaat (July 2026)
